IN RE:	Application of Call Processing, Inc. for a)	ORDER CANCELLING
	Certificate of Public Convenience and)	CERTIFICATE
	Necessity to Provide Interexchange)	
	Telecommunications Services within the State)	
	of South Carolina.)	

This matter comes before the Public Service Commission of South Carolina (Commission) on the request of Call Processing, Inc. (CPI or the Company) to cancel the Company's Certificate of Public Convenience and Necessity to operate as a reseller of interexchange telecommunications services in the State of South Carolina. A review of the Commission's records reveals that the Commission granted CPI authority to provide telecommunications services by Order No. 2001-264, dated March 22, 2001.

By letter filed November 4, 2005, by the Company's counsel, CPI requests cancellation of the Company's Certificate of Public Convenience and Necessity. According to CPI, the Company no longer intends to provide telecommunications services in the state of South Carolina. Call Processing adds that since the Company currently has no customers, voluntary discontinuance of its certification will have no adverse impact upon consumers.

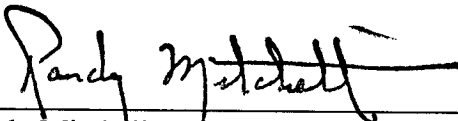

As CPI is no longer providing the services for which the Company's Certificate of Public Convenience and Necessity was granted, the Commission finds and concludes that

CPI's Certificate of Public Convenience and Necessity to provide interexchange telecommunications services in the State of South Carolina should be cancelled.

IT IS THEREFORE ORDERED THAT:

1. The Certificate of Public Convenience and Necessity to provide interexchange telecommunications services in South Carolina authorized by Order No. 2001-264, dated March 22, 2001, issued in the instant docket to Call Processing, Inc. is hereby cancelled.

2. This Order shall remain in full force and effect until further Order of the Commission.
